JUDGMENT

---

Cause was called on September 21, 2015 to hear Plaintiff's Motion for Summary Judgment. Plaintiff appeared by its attorney, Damian R. Struzzi. Defendants failed to appear. Defendants' motion to continue said hearing was denied. The Court considered the arguments of Plaintiff's counsel and hereby grants Plaintiff its Motion for Summary Judgment. Plaintiff has dismissed Counts I and II of its Petition.

Defendants failed to properly respond to Plaintiff's Motion for Summary Judgment and made broad and general allegations in their response. Plaintiff withdrew paragraph 6 of its Statement of Uncontroverted Material Fact in lieu of amending by interlineation due to a typographical error. The Court does not consider this paragraph in its analysis and Defendant is not prejudiced as they denied the paragraph.

The Court makes the following conclusions of law and findings of fact:

1. Plaintiff Woodland Lakes Trusteeship, Inc. is entitled to judgment on Count III of its Petition against David (also known as Dave) Campbell and Catrenia Dawn Campbell in the principal amount of One Thousand Seven Hundred Sixty-two Dollars (\$1,762) representing assessments owing by Defendants to Plaintiff for four (4) lots owned in the subdivision, for prejudgment interest of ten percent (10%) per annum from October 1, 2012 to the present in the amount of \$523.77, for a total owing from Defendants to Plaintiff of Two Thousand Two Hundred Eighty-five and 77/100 Dollars (\$2,285.77).

2. The Court further finds that Plaintiff is entitled to recover its reasonable attorney's fees of Seven Thousand Five Hundred Forty-five and 32/100 Dollars (\$7,545.32).

3. According to its Indentures, Plaintiff properly denied vehicular ingress and egress into the subdivision by Defendants on October 27, 2011. Defendants paid their assessments on October 29, 2011 and were permitted vehicular ingress and egress until November 12, 2011 when the Defendants were notified that their vehicular access to the subdivision would be denied once again due to exceeding the 140 day-limit for living on a multipurpose lot within a calendar year. The Court further finds that on January 1, 2012, Defendants were granted vehicular access to the subdivision once again, and upon failing to pay their subdivision assessments due by October 1, 2012, Defendants were once again denied vehicular access due to outstanding subdivision assessments owing.

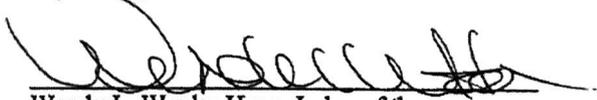

4. According to the following findings of fact and pursuant to the Court's Judgment entered herein, Defendants were properly denied vehicular ingress and egress pursuant to the Plaintiff's subdivision indentures due to the fact that they were not in good standing. Therefore, Defendants' Counterclaim fail against Plaintiff and judgment is hereby entered in favor of Plaintiff and against Defendants on Counts II and IV of Defendants' Counterclaim in this cause.

5. The Court took under advisement Plaintiff's Motion to Dismiss on July 20, 2015. The Court hereby dismisses Counts I and III of Defendants' Counterclaim as those Counts seek interlocutory relief, which is hereby made moot by this final Judgment.

It is hereby ORDERED, ADJUDGED and DECREED that Judgment shall be entered in favor of Plaintiff and against Defendants in the total amount of Two Thousand Two Hundred Eighty-five and 77/100 Dollars (\$2,285.77) representing the principal amount owing for assessments and interest thereon, and for an award of attorney fees in the amount of Seven Thousand Five Hundred Forty-five and 32/100 Dollars (\$7,545.32). Furthermore, Judgment is entered in favor of Plaintiff and against Defendants on Counts II and IV of Defendants' Counterclaim as Defendants were not in good standing during the times pled and Plaintiff acted lawfully pursuant to its Indentures.

Costs taxed against Defendants.

AMENDED MEMORANDUM OF LAW IN SUPPORT OF  
PLAINTIFF'S MOTION FOR SUMMARY JUDGMENT

---

Plaintiff, the Woodland Lakes Subdivision Trusteeship, Inc., is charged with enforcing and upholding the trust indentures and restrictions of the Woodland Lakes Subdivision. The Woodland Lakes Subdivision is a private lake development in Washington County. It has both permanent and temporary residents. The trustees' duty is to maintain the common areas and common roads, collect assessments, and enforce the restrictions of the subdivision. "The law requires a trustee under an instrument of restrictive covenant and indenture of trust to act strictly in conformance with that definition of authority." Ginter v. City of Webster Groves, 349 S.W.2d 895, 901 (Mo. 1961).

The Indenture and Restrictions require the trustees to collect assessments for each lot in the subdivision. The Defendants own four lots within the subdivision. There is no question that the Defendants have failed and refused to pay their assessments since October of 2012 on all four lots. Accordingly, they are in violation of the indentures. The Plaintiff is entitled to a judgment for the amount of the assessments, plus interest at 10% per annum, from October, 2012 to the present. See Statement of Uncontroverted Material Facts, paragraphs 3, 4, 5, 6, 7 and 8.

Moreover, the Plaintiff is charged with the duty of enforcing the restrictions of the subdivision. The restriction that the use be used as a good standing shall be deemed violative insofar as the common rule. In Article of 1977, the restriction shall be any the assessment therefor that the use be as large as good standing. These restrictions apply and apply to the subdivision use thereof at the time. Plaintiff is going within the power and responsibility under the restriction. Accordingly, as long as Defendant can demonstrate that he is in good standing and can be deemed violative there. The Plaintiff's attorney and agent requested in Defendant's counterclaim to compel the Court to enforce and enforce of the subdivision. The Defendant's Unincorporated Business Code, paragraphs 4, 5, 10, and 15.

Summary Judgment should be entered against Defendant on Plaintiff's Motion as Defendant was assessed a Plaintiff to the defendant. Accordingly, Defendant is not in good standing and if right and damage caused to Defendant is that Plaintiff's Motion is not proper. The defendant paid Plaintiff a sum of money under a the restriction in any way under to in good standing. Thus Plaintiff is going within the power granted to it in the instrument. Defendant's counterclaim fails. Plaintiff pays for the Court's judgment in favor of Plaintiff on Defendant's counterclaim.

MEMORANDUM OF LAW IN SUPPORT OF  
DEFENDANT'S MOTION FOR SUMMARY JUDGMENT

---

Plaintiff, the Woodland Lakes Subdivision Trusteeship, Inc., is charged with enforcing and upholding the trust indentures and restrictions of the Woodland Lakes Subdivision. The Woodland Lakes Subdivision is a private lake development in Washington County. It has both permanent and temporary residents. The trustees' duty is to maintain the common areas and common roads, collect assessments, and enforce the restrictions of the subdivision. "The law requires a trustee under an instrument of restrictive covenant and indenture of trust to act strictly in conformance with that definition of authority." Ginter v. City of Webster Groves, 349 S.W.2d 895, 901 (Mo. 1961).

The Indenture and Restrictions require the trustees to collect assessments for each lot in the subdivision. The Defendants own four lots within the subdivision. There is no question that

the Defendants have failed and refused to pay their assessments since October of 2012 on all four lots. Accordingly, they are in violation of the indentures. The Plaintiff is entitled to a judgment for the amount of the assessments, plus interest at 10% per annum, from October, 2012 to the present. See Statement of Uncontroverted Material Facts, paragraphs 3, 4, 5, 6, 7 and 8.

Moreover, the Plaintiff is charged with the duty of enforcing the Restrictions of the subdivision. The Restrictions state that any lot owner not in good standing shall be denied vehicular ingress to the common roads. In October of 2012, the Defendants failed to pay the assessments therefore their lots and were no longer in good standing. Their vehicular ingress and egress to the subdivision was denied at that time. Defendants had previously been denied access in 2011 for residing more than 140 days in a year on a camping lot within the subdivision. The Defendants' access to common roads was restored in January 2012. Plaintiff is acting entirely within its duties and responsibilities under the indenture. Accordingly, as long as Defendants owe assessments, they are not in good standing and can be denied vehicular access. All claimed damages and equity requested in Defendants' counterclaim is contrary to the Trust Indentures and Restrictions of the Subdivision. See Statement of Uncontroverted Material Facts, paragraphs 9, 15, 12, 13, 14 and 18.

Summary Judgment should be entered against Defendants on Plaintiff's Petition as Defendants owe assessments to Plaintiff by the Indentures. Accordingly, Defendants are not in good standing and all rights and damages claimed by Defendants in their Counter-Petition are not proper. The Indentures permit Plaintiff to deny vehicular access to the subdivision to any lot owner not in good standing. Since Plaintiff is acting within the powers granted to it in the Indentures, Defendants' Counterclaim fails. Plaintiff prays that this Court grant judgment in favor of Plaintiff on Defendants' Counterclaim.
